

Subject Index

A

Automata, Restoring Organs in Redundant, O. LOWENSCHUSS 113

B

Bang Bang Servo Problem Treated by Variational Techniques, C. A. DESOER 333

C

Code Construction, A Note on a Result in the Theory of, R. C. BOSE AND S. S. SHRIKHANDE 183
Coding Theorem and Its Converse for Finite-Memory Channels, A. FEINSTEIN 25
Computers, The Design of Conditional Probability, A. M. UTTLEY 1

D

Discrete Probability Distributions, Approximations to, DAVID T. BROWN 386

E

Entropy and the Uncertainty Principle, ROY LEIPNIK 64
Entropy, the Application of Some Basic Inequalities for JURIS HARTMANIS 199
Error Detection in Noisy Logical Computers, MURRAY EDEN 310
Errors, Determinism, and Information Theory, Inevitable Experimental, L. BRILLOUIN 45

G

Grammars, On Certain Formal Properties of, NOAM CHOMSKY 137

Grammars, A Note on Phrase Structure, NOAM CHOMSKY 393

H

Habit-Forming and Learning, On the Mechanical Simulation of, SAUL GORN 226

I

Information Content of Nonsequential Messages, B. R. JUDD AND N. S. SUTHERLAND 315
Information: Corrections and Additions, A Paradox Concerning Rate of, I. J. GOOD AND K. C. DOOG 195
Information of Fisher and Shannon, Some Inequalities Satisfied by the Quantities of, A. J. STAM 101
Information, The Asymptotic Distributions of Estimators of the Amount of Transmitted, Z. A. LOMNICKI AND S. K. ZAREMBA
Informational Content of Mechanisms and Circuits, HOMER JACOBSON 285

M

Machine Learning, HENRIK H. MARTENS 364

N

Nonlinear Mechanics, On a Problem of, DEMETRIOS G. MAGIROS 297

P

Penny Matching Machines, GERALD M. WHITE 349

S

- Skew Distribution Functions: Analysis
and Critique of a Paper by H. A.
Simon, A Note on a Class of, BEN-
OIT MANDELBROT 90
- Storage Requirements, Approximating
Probability Distributions to Re-
duce, P. M. LEWIS II 214
- Syntactic Symmetry and the Manipula-
tion of Formal Systems by Ma-
chine, on, H. GELERTER 80

T

- Temporal Coding as a Mechanism in
Sensory Perception, P. SCOTT AND
K. G. WILLIAMS 380
- Transducers, Circle Networks of Prob-
abilistic, MANFRED KOCHEN 168

U

- Uncertainty Relation for Real Signals:
Postscript, I. KAY AND R. A. SIL-
VERMAN 396
